

Every child deserves a **chance**.

UCCF provides the critical non-medical support that keeps children in treatment at the Uganda Cancer Institute. Without transport, nutrition, medications, and psychosocial care, families abandon care — not because treatment is unavailable, but because they cannot stay in it.

THE CHALLENGE

- 3,200** new childhood cancer cases in Uganda every year
- 1 in 3** children ever access specialised treatment
- <35%** survival rate at UCI vs 90%+ in high-income countries

"No child battling cancer in Uganda should be left behind. Every child deserves a fighting chance — regardless of where they come from or what their family can afford."

— Moses Echodu, Executive Director, UCCF

IMPACT AT A GLANCE

- 1,000+** children supported annually
- 200+** schools in the 3C network
- 18+ years** of service
- 4+ projects** research since 2023

OUR FOUR PROGRAMMES

- 01 Patient Support**
Diagnostics, medication, nutrition, transport, psychosocial & WASH support
- 02 Education & Awareness**
3C schools network, community outreach, health worker training
- 03 Research**
National cancer registry, treatment abandonment studies, global representation
- 04 Resource Mobilisation**
Colour Run, Guardian Angel giving, corporate & in-kind partnerships
