

Every child deserves a **chance.**

UCCF provides the critical non-medical support that keeps children in treatment at the Uganda Cancer Institute. Without transport, nutrition, medications, and psychosocial care, families abandon care — not because treatment is unavailable, but because they cannot stay in it.

THE CHALLENGE

3,200 new childhood cancer cases in Uganda every year

1 in 3 children ever access specialised treatment

<35% survival rate at UCI vs 90%+ in high-income countries

"No child battling cancer in Uganda should be left behind. Every child deserves a fighting chance — regardless of where they come from or what their family can afford."

— Moses Echodu, Executive Director, UCCF

IMPACT AT A GLANCE

1,000+

children supported annually

200+

schools in the 3C network

18+ years

of service

4+ projects

research since 2023

OUR FOUR PROGRAMMES

01

Patient Support

Diagnostics, medication, nutrition, transport, psychosocial & WASH support

02

Education & Awareness

3C schools network, community outreach, health worker training

03

Research

National cancer registry, treatment abandonment studies, global representation

04

Resource Mobilisation

Colour Run, Guardian Angel giving, corporate & in-kind partnerships
