

Every child deserves a **chance.**

UCCF provides the critical non-medical support that keeps children in treatment at the Uganda Cancer Institute. Without transport, nutrition, medications, and psychosocial care, families abandon care — not because treatment is unavailable, but because they cannot stay in it.

THE CHALLENGE

3,200 new childhood cancer cases in Uganda every year

1 in 3 children ever access specialised treatment

<35% survival rate at UCI vs 90%+ in high-income countries

"No child battling cancer in Uganda should be left behind. Every child deserves a fighting chance — regardless of where they come from or what their family can afford."

— Moses Echodu, Executive Director, UCCF

IMPACT AT A GLANCE

1,000+
children supported annually

200+
schools in the 3C network

18+ years
of service

4+ projects
research since 2023

OUR FOUR PROGRAMMES

- 01 Patient Support**
Diagnostics, medication, nutrition, transport, psychosocial & WASH support
- 02 Education & Awareness**
3C schools network, community outreach, health worker training
- 03 Research**
National cancer registry, treatment abandonment studies, global representation
